Opioid Prescribing Tools:

A Statewide Education Initiative for FREE CME Credits

The Institute for Research, Education & Training in Addictions (IRETA) is now delivering an education curriculum on best practices for opioid prescribing and how to address substance use disorders with patients.

With the **‘Evidence Based Prescribing: Tools You Can Use to Fight the Opioid Epidemic’** curriculum, you as the healthcare provider can learn how to navigate the complexities of the opioid epidemic.

This training series provides free continuing medical education credits, and may fulfill Act 124 requirements. It is offered to, but not limited to, the following:

- Physicians (DO and MD)
- Physician Assistants
- Registered Nurses
- Nurse Practitioners
- Certified Addiction Counselors
- Drug and Alcohol Counselors
- Social Workers
- Case Workers
- Licensed Practical Counselors
- Behavioral Health Counselors

For any provider or healthcare system in **Washington** or **Fayette** County interested in scheduling a training session, please contact Abby Bartus at **Abigail@ireta.org** or **412-258-8567**.

These education modules are also available as free online courses on www.train.org. You can find them by searching "PA-PDMP" in the course catalog.
